

Accessibility Plan 2023

Article 14 Every child has the right to think and believe what they want and to practise their religion, as long as they are not stopping other people from enjoying their rights.

Article 30 Every child has the right to learn and use the language, customs and religion of their family, regardless of whether these are shared by the majority of the people in the country where they live.

British Values

Within this policy and in our daily practices, we also 'Promote British Values'. These are:-

Democracy: Everyone has a voice and a say in what we do and how we do it

Mutual Respect: We admire and acknowledge everyone's abilities, qualities and achievements

Liberty: We have the freedom to make our own choices

Tolerance: We accept that everyone has a right to their own views and opinions

Rule of Law: We have community rules and practices which keeps our learning community safe and a code of conduct for all adults working within our service.

Vision Statement Under the Equality Act 2010

Schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”. According to the Equality Act 2010 a person has a disability if:

- (a) He or she has a physical or mental impairment,
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

Accessibility Plan

This is a statutory document of the Department for Education’s guidance on statutory policies for schools. The Plan will be reviewed every **3 years** or where operational needs dictate and approved by the Governing Body. The review process can be delegated to a committee of the Governing Body, an individual or the Head. At Goodway Nursery School the Plan will be monitored by the Headteacher and SENCo and evaluated by the Governing Body.

At Goodway Nursery School we are committed to working together to provide an inspirational and exciting learning environment, where all children can develop an enthusiasm for life-long learning. We believe that children should feel happy, safe, secure and valued so that they gain a respectful, caring attitude towards each other and the environment both locally and globally.

Our Aims are:

- To increase access to the curriculum for pupils with a disability, medical condition or other access needs
- To improve the physical environment of the school to increase the extent to which pupils, staff and other members of the school community with a disability, medical condition or other access needs can access education and associated services.
- Improve the delivery of information to pupils, staff, parents/carers and other members of the school community.

Equality and Inclusion

We believe that every child is an individual and we are committed to providing equality of opportunity and anti-discriminatory practice for all children, families, staff and volunteers who attend into our setting.

We are committed to working in partnership with parents/carers and other agencies to support all children including those with learning difficulties and disabilities.

We will challenge inappropriate behaviour, language or attitudes with regards to race, ethnicity, nationality, class, religion, culture, gender, language, sexual orientation, disability and age.

We are committed to:

- providing a secure environment in which all children can thrive and in which all contributions are valued;
- providing a range of resources depicting different ethnic groups and people with disabilities;
- improving staff knowledge and understanding of issues around equality and diversity;
- including and valuing the contribution of all families to our understanding of equality and diversity.
- To help achieve our objectives of creating a welcoming environment free from discrimination and prejudice, we will:
- ensure that services are equally open and available to all parents/carers and children within the local community;
- ensure that issues of race, ethnicity, nationality, class, religion, culture, gender, language, sexual orientation and disability do not hinder a child from accessing services;
- treat all children and their parents/carers with equal concern, respect and value;
- have regard for promoting understanding, respect and awareness of diversity and equal opportunity issues through the planning and implementation of our curriculum/activities;
- ensure all children are able to celebrate and express their cultural and religious identity by providing a wide range of appropriate resources and activities;
- ensure that our recruitment policies and procedures are open, fair and non-discriminatory;
- endeavour to recruit a team of staff which reflects the diversity of the local community;
- encourage staff to be positive role models to children by displaying and promoting tolerant and respectful behaviour, language and attitudes and challenging any discriminatory behaviour; □ ensure all staff receive necessary training.
