Version Control table	8-12
1. **Pupil Numbers**	13-16
2. **Accommodating Pupils and Attendance**	16-18
3. **Communications with families**	18-19
4. **The School Day including social distancing**	20-21
5. **Provision for meals and FSM**	21-23
6. **Safeguarding**	23-24
7. **Behaviour**	24-25
8. **Curriculum**	25-27
9. **Staffing**	27-28
10. **Protective Measures and Hygiene**	28-30
11. **Cleaning**	30-31
12. **Enhanced Hygiene Measures**	31-32
13. **Procedures for symptomatic or ill pupils or staff members**	33-34
14. **Personal Protective Equipment**	35
15. **Premises related issues including fire safety**	36-37
16. **Equality and support pupils and staff with protected characteristics**	38-40
17. **Alignment with other school-based provision and providers**	40
18. **Home to School transport**	41-44
19. **Contingency planning for local lockdown**	44-46

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Introduction

The government plan is for the full return of all pupils from September 2020 (updated in line of national lockdown from 5th November 2020): **https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools**

School employers and leaders are required by law to think about the risks the staff and pupils face and do everything reasonably practicable to minimise them, recognising they cannot eliminate the risk of coronavirus (COVID-19). School employers must therefore make sure that a risk assessment has been undertaken to identify the measures needed to reduce the risks from coronavirus (COVID-19) so far as is reasonably practicable and make the school COVID-secure. General information on how to make a workplace COVID-secure, including how to approach a coronavirus (COVID-19) risk assessment, is provided by the **HSE guidance on working safely**.

We recommend all school leaders and staff members to regularly review the latest information produced by Public Health: **https://www.birmingham.gov.uk/COVID-19_schools_faqs**. The latest checklist and flowchart can be found here for guidance on dealing with suspected or confirmed cases within staff or pupil cohorts, and their contacts: **https://www.birmingham.gov.uk/downloads/download/3527/public_health_flowchart_for_schools**

This risk assessment checklist/tool is based on Government guidelines on COVID-19. It is provided to help schools to prepare and decide arrangements for an increased number of children attending/returning to school. It remains subject to change at a short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **EYFS guidance** should be considered for Nursery Schools and Nursery Classes. Separate guidance is available for Special Schools and is not considered in this tool.

Any updates to the Risk Assessment will be identified in the version control table from p6 onwards.

The completion of this tool/checklist should not be undertaken in isolation by one individual and should involve staff who understand the risk assessment process. Once completed, the risk assessment should be shared with the school's workforce. If possible, schools should consider publishing it on their website to provide transparency of approach to parents, carers and pupils (HSE would expect all employers with over 50 staff to do so). A risk assessment should be updated and revisited regularly.

Risk assessment is about identifying reasonably practicable measures to control the risks in a workplace or when undertaking an activity. The process evaluates the threats and risks of a specified issue/situation and enables the likelihood that somebody could be harmed, together with an indication of how serious the harm could be, to be considered.

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Likelihood - For each issue/situation, determine the likelihood it will occur.

Severity (outcome) - determine the potential injury/health.

Likelihood	Severity
4 = Certain = common or frequent occurrence	4 = Major risk - death, loss of limbs, etc
3 = Probable = likely to occur sometime	3 = High risk - broken bones, burns, etc
2 = Possible = may occur sometime	2 = Moderate risk - cuts, bruises, sickness, etc.
1 = Improbable = unlikely to occur	1 = Minimal risk - strain, shaken, no injury, etc

The matrix (below) to determine the the Likelihood and Severity being independently scored and plotted. provides a method level of risk, with

RISK LEVEL MATRIX					
PROBABILITY (LIKELIHOOD)	**4**	Low	High	Very High	Very High
	3	Low	Med	High	Very High
	2	Low	Low	Med	High
	1	Low	Low	Low	Low
		1	**2**	**3**	**4**
		SEVERITY (OUTCOME)			

Once the likelihood and severity of the risk have been assessed they are plotted on the risk profiling grid above and the risk rating defined e.g. If a risk has a likelihood of 3 – Likely and a severity of 1 – Minimal, the risk rating will be 3 x 1 = 3. This would mean the risk is low and arrangement would be adequate. Example as follows:

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Issue/Area to be addressed (Potential Hazard)	Current Control Measures Good Practice Control Measures Adopted	In place (Yes/No)	Further action/ Comments	Final Risk Rating
Example: **Slips, trips and falls** *There are smooth surfaces and tripping hazards around the school site with the potential to cause persons to fall over injuring themselves with multiple injuries.*	• *Cleaning regime in place.* • *Correct safe substance used for surfaces.* • *Signage available.* • *Cleaners have received training.* • *Introduce hazard reporting system and ensure that staff are aware of school H&S Policy.* • *Undertake specific risk assessment on snow and ice.* • *Remove all trailing cables in admin office.*	Y	Review arrangements for new staff i.e ensure the H&S policy to shared /communicated	**3x1=3 Low**

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Area of concern to be addressed	Current risk rating	Control measures Good Practice Control Measures Adopted	In place? (Yes/No)	Further action/ Comments	Final risk rating
1. Identify likely numbers of pupils returning and agree required staffing resource and approach and liaise with your LA on your plans					
Lack of certainty over returning numbers	1x4=4	• Planning for full attendance of all year groups and where possible complete the daily DfE attendance return. • Phased return arrangements in place for year groups / pupils including details of those who have been isolating. Good record keeping within school, with PH and LA. • Support for pupil/parent anxiety about return to school and vulnerability to COVID-19 • Most children originally identified as clinically extremely vulnerable no longer need to follow this advice. Children whose doctors have confirmed they are still clinically extremely vulnerable are advised not to attend school during lockdown and arrangements should be made to continue education at home. Children who live with someone who is clinically extremely vulnerable, but who are not clinically extremely vulnerable	Yes		1x1=1

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		• themselves, should still attend school. • Requests for support for vulnerable families sent through Early Help Hubs and individual pupil risk assessments. • Any specialist equipment required is returned to school/additional equipment made available to support return • Home to school transport in place where required • Readiness to implement Test and Trace as set out in section 7 the latest guidance.			
Number of staff available is lower than that required to teach classes in school *(cross reference with risk assessment on staff health and wellbeing)*	3x4=12	• The health status and availability of every member of staff is known and is regularly updated. Including all teaching and non-teaching staff (EY practitioners, DSL, SENCO, Paediatric 1st Aid (for under 2-year olds)/ 1st Aider or emergency 1st aid for children 3-5 years, domestic/kitchen staff etc • https://www.gov.uk/government/publications/guidance-on-shielding-and-protecting-extremely-vulnerable-persons-from-covid-19 (added in v2, updated 18th August) • Full use is made of those staff who are self-isolating but who are well enough to teach lessons online. • Flexible and responsive use of teaching assistants and pastoral staff to supervise classes is in place. • A blended model of home learning and attendance at school is utilised until staffing levels improve. • If your school is struggling with a shortfall in staffing and this may be more likely for infant schools, you will need to consider possible solutions with your local authority and/or trust. • Contingency planning with LA is in place and additional resource identified, for example bringing additional teachers in to help, for example supply teachers, teachers on temporary agreed loan from other schools, or teachers provided by your trust or local authority (considering the guidance about consistent staffing across the week). Using some senior leadership time to cover groups if this is manageable. • Size of Bubbles is changed, moving from a full class bubble for majority of the classroom time to a year group bubble or vice versa, where required, allowing for mixed groups for specialist teaching, wrap around care and transport (or full school for small	Yes	If a staff member is absent we will firstly ask part time staff from that bubble if they are able to cover and if not, will book agency cover. We will not use more than 1 agency worker per bubble to minimise risk	3x2=6

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		AP schools). It is important to limit interaction between bubbles; one positive case can lead to full isolation of bubbles and contacts. • Staff including temporary/supply personnel can move across different classes and other year groups maintaining social distancing (2m between adult and child where possible, minimising time spent within 1m) • To minimise the numbers of temporary staff entering the school premises, schools may wish to use longer assignments with supply teachers and agree a minimum number of hours across the academic year. • Schools should ensure that appropriate support is made available for pupils with SEND as well as pupils isolating at home or considered to be clinically extremely vulnerable, for example by deploying teaching assistants and enabling specialist staff from both within and outside the school to work with pupils in different classes or year groups. • Consideration of available testing for school staff is updated according to latest government advice: **https://www.gov.uk/guidance/nhs-test-and-trace-workplace-guidance** • Remind/Encourage staff that are eligible for a free NHS flu vaccination of the importance of ensuring they are protected from such illness **https://www.nhs.uk/conditions/vaccinations/flu-influenza-vaccine/**			
Schools lose focus on continuing to apply in-year admissions process including admitting 'new' pupils	2x3=6	• Review in-year school admissions expectation with key admission staff. • Ensure key school contact and related resources in place. • Ensure timely returns of individual pupil (applications and outcomes through a Pupil Movement Form) and wider cohort data returns. • Ensure speedy admission of children in the relevant year groups particularly those more vulnerable children. (added in v2) • Pupils on SEND register risk assessed and discussed at regular SEND, ISEY or Fair Access panel. Any issues addressed	Yes		1x4=4

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		through SLT and in discussion with families. LA support for individual or complex cases.			
Nursery School (NS) and Nursery Classes (NC) lose focus on continuing to apply termly admissions process including admitting 'new' pupils	2x3=6	• Review EEE termly admissions process • Funding questions are emailed to NEF@Birmingham.gov.uk (added in v2) • Ensure key school contact and related resources in place • Ensure parental declarations are completed and signed each term • Pupils on SEND register risk assessed and discussed at regular SEND, ISEY or Fair Access panel. Any issues addressed through SLT and in discussion with families. LA support for individual or complex cases.	Yes		1x3=3
2. Plan how the whole school will be accommodated and encourage attendance					
Plans are not in place to identify number of classrooms and additional furniture or social distancing measures for each year group	3x3=9	• SLT and site management team meeting to review school site and specify entry/exit points and classroom use • 68 maximum number of children and staff that can be accommodated in school on any given day with a teacher per 'bubble' • 3 designated classrooms being fully utilised for each year group • 0 of unused classrooms that could be utilised • Reduced contact between groups. • In NS/NC where additional space is identified for accommodating 2 year olds and under 2's then the school will need to register the space for use with Ofsted using the current interim process. • Engagement of appropriate services for families not engaging • Curriculum leads in school meet regularly to review impact of plan • NS engage with NS Trust and Teaching Schools Alliance or the Early Years team EYDuty@birmingham.gov.uk (added in v2)	Yes		3x2=6
Classroom and timetable arrangements do not allow for all pupils to attend in line with	3x3=9	• Agreed new timetables and confirm arrangements for each year group to allow for reduced interaction between year groups. Potentially consider reducing the need to move between basic class spaces. • Classroom size and numbers reviewed through daily planning.	Yes	• Children kept in class bubbles with consistent teaching staff • Lunches eaten in	3x2=6

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

| guidance | | • Classrooms re-modelled and space maximised, with chairs and desks front facing and spaced to allow for social distancing.
• Spare furniture removed that will not be used.
• Clear signage displayed in classrooms promoting social distancing.
• Hand washing facilities identified for each learning zone
• Arrangements in place to support pupils when not at school with immediate access to remote learning at home, this includes where a pupil is unable to attend school because they are complying with clinical or public health advice.
• In primary schools, classes stay together with their teacher and do not mix with other pupils.
• In secondary schools, assuming that setting is maintained, the year group stays together and does not mix with other pupils.
• Collaboration between schools where a child routinely attends more than one setting on a part time basis e.g. dual.
• In EYFS handwashing supervision is in place. (added in v2)
• Consideration of staffing changes to cover absence.
• The EYFS environment is re-organised to meet requirements of social distancing including groups who do not mix with other children or other small groups
• Encourage use of outdoor space, weather dependent
• Stagger lunchtimes to align with staggered start and finish times.
• Limit lunch menus as to offer a set nutritionally balanced menu e.g. One vegetarian, one non-vegetarian option.
• Consider lunchtimes in the classroom for younger year groups.
• Staffing arrangements for lunchtime also need to be considered to ensure colleagues have a reasonable break. (added in v3)
• Regular review of control measures and their implementation and continuous updating of risk assessment or any changes to risk profiles or measures. | | classrooms | |
| **There is a need for review use of space to allow for the school to fully operational** | 3x3=9 | • Identify available large spaces and appropriate timetabling e.g. dining areas, halls, studios, particularly in outdoor areas.
• Large gatherings, assemblies or collective worship to be avoided with more than one group.
• Design layout and arrangements in place to enable social | Yes | • All the windows along the back of the building to be open at all times
• All skylights to be | 3x2=6 |

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		distancing • The EYFS environment is re-organised to meet requirements of social distancing • Schools should engage with their local immunisation providers to provide the usual immunisation programmes on site, ensuring these will be delivered in keeping with the school's control measures. • Some pupils with SEND will need specific help and preparation for the changes to routine that this will involve, so teachers and special educational needs coordinators should plan to meet these needs, for example using social stories. More information on pupils with education, health and care plans can be found in <u>Annex B</u> of the guidance. • Careful consideration of how to minimise risk from music classes e.g. singing outside, chanting, playing wind or brass instruments or shouting and encouraging social distancing. • Outdoor sports should be prioritised where possible, and large indoor spaces used where it is not, maximising distancing between pupils and paying scrupulous attention to cleaning and hygiene contact sports avoided. See <u>guidance</u> on phased return of sports. A separate Risk Assessment from any external provider operating on site is required and reviewed. • Encouraging audiences to events to undertake safety measures and maintain social distancing.		open at all times • Doors to be open as much as possible • Children encouraged to be outdoors as much as possible. • Outdoor area divided into three areas to accommodate bubbles • Children are not able to socially distance due to their young age.	
3. Content and timing of communications to parents and pupils including discussing attendance expectations and other specific things that parents should do to help prepare returning pupils					
Parents and carers are not fully informed of the health and safety requirements for the reopening of the school	2x4=8	• As part of the overall communications strategy parents are kept up to date with information, guidance and the school's expectations on a weekly basis using a range of communication tools. • A COVID-19 section on the school website is created and updated clearly showing arrangements for arriving/collecting pupils. • Parent and pupil handbooks created reflecting changes to usual school policy	Yes	Children are not able to socially distance due to their young age.	2x3=6

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

	<td style="background:red"></td>	• Advice is made available to parents on arrangements testing for COVID-19 in line with the latest guidance. • Clarify arrangements for pick-up/drop-off, breaktimes, as well as expectations for free study periods • NS/NC include arrangements for personal care e.g. nappy changing/feeding/sleep arrangements etc • For pupils with EHCP, discuss RA with parents, and where appropriate, with pupils.			<td style="background:orange"></td>
Parents and carers may not fully understand their responsibilities should a child show symptoms of COVID-19	2x4=8	• Key messages in line with government guidance are reinforced on a weekly basis via email, text and the school's website and verbally. Community languages are considered. • Clear procedures in place where a child falls ill whilst at school with reference to the school's infectious diseases policy • Ensure contact details of families are up to date.	Yes		1x4=4
Communications with parents/carers about expectations that must be followed to support pupils and keep the school community safe are not clear or in place	2x4=8	• Request daily changes of clothes where possible to reduce the risk of infection. Uniforms do not need to be cleaned any more often than or differently to usual. • Refer to school's hygiene policies • Accessing the learning available from DfE: • Clarity around attendance expectations; in particular when COVID-19 is a risk factor within the family • Brokerage of access to FTB resources to support mental health and wellbeing, including anxiety of returning to school for pupils and parents • https://www.forwardthinkingbirmingham.org.uk • Information about how to connect families to local support is available here. • NS/NC arrangements in place for single child use to change bedding regularly to reduce the risk of infection • Consideration given to personal items of children and hygienic storage of items – Soothers, comforters, nappies, personal toys.	Yes		1x4=4

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

4. The school day
This section should be considered in conjunction with https://www.gov.uk/government/publications/coronavirus-covid-19-implementing-protective-measures-in-education-and-childcare-settings

The start and end of the school day create risks of breaching social distancing guidelines	4x4=16	- Start and departure times are staggered. - The number of entrances and exits to be used is maximised; where possible each year group to enter through its own access point. - Different entrances/exits are identified and used for different groups. - Staff and pupils are briefed, and signage provided to identify which entrances, exits and circulation routes to use. - A plan is in place for managing the movement of people on arrival to avoid groups of people congregating and parents are informed that gathering at school gates needs to be minimised. - Floor markings are visible where it is necessary to manage any queuing. - Attendance patterns have been optimised to ensure maximum safety. - A plan is in place for the effective and safe hand over of very young children at the beginning and end of the session - particularly around issues of responding to young children who are showing signs of distress. - DSLs should maintain a focus on vulnerable children, particularly if preparing for bubble isolation and should notify key workers (social workers, family support).	Yes	- One way system - parents & carers to drop off children through staff car park front entrance and leave through front entrance - Parents asked to explain arrangements to their child to prepare them - Social Story created and sent to every family to explain new arrangements - Outdoor Stay and Play sessions to settle children	3x2=6
Daily attendance registers for new cohorts are not in place	1x4=4	- Office Manager responsible for completion of school daily attendance registers - Office Manager responsible for completion of DfE daily submission (if applicable) - Regular reporting and monitoring of attendance to responsible body and followup with families factored into workload. - There's separate guidance on recording attendance at addendum: recording attendance in relation to coronavirus (COVID-19) during the 2020 to 2021 academic year.	Yes	Staff complete attendance registers using SIMS Teacher App as usual	1x4=4

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Staff may not fully understand their responsibilities if they or a child show symptoms of COVID-19	4x4=16	• Key messages in line with government guidance are reinforced on a weekly basis via email, text and the school's website and verbally. Community languages are considered. • Clear procedures in place where a child falls ill whilst at school with reference to the school's infectious diseases policy and <u>flowchart from Public Health</u> • Ensure contact details of families are up to date.	Yes		1x4=4

Resumption of day visits	2x4=8	• In the autumn term, schools can resume non-overnight domestic educational visits. These trips should include any trips for pupils with SEND connected with their preparation for adulthood (for example, workplace visits, travel training etc.).
		  o Protective measures, such as keeping children within their bubble, and the COVID-secure measures in place at the destination.
		  o Use of outdoor spaces in the local area to support delivery of the curriculum.
		  o Usual full and thorough risk assessments in relation to all educational visits.
		  o Schools should consult the <u>health and safety guidance on educational visits</u> when considering visits and seek relevant parental consents.
			Yes		1x4=4

5. Provision for meals and FSM. **Consider alongside https://www.gov.uk/government/publications/covid-19-free-school-meals-guidance/covid-19-free-school-meals-guidance-for-schools**					
Pupils eligible for free school meals do not continue to receive vouchers	3x3=9	• FSM Voucher scheme is continued • Issues with food poverty to be addressed through application to Early Help Hubs	Yes		1x3=3
The school is unable to provide breakfast clubs, lunch clubs and after-school clubs	2x4=8	• Feasibility on continuation or reimplementation of wrap-around provision. Seeking wraparound services from other providers such as PVIs and Childminders. • Children to be grouped with the same children each time wherever possible (in groups of 15 children max) and at least one staff member, depending on the type of provision or size of	Yes	Children are not able to socially distance due to their young age.	2x4=8

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		• the group. If it is not possible to maintain bubbles being used during the school day then schools should use consistent groups. • Maintain up-to-date records of the children attending for at least 21 days, including the schools or early years setting that they attend and the specific groups and members of staff they have been assigned to in your setting in order to review groups. • Offer services on rotational basis. • Consideration of use of space for food preparation and consumption • Communicate decisions to parents and encourage parents to limit the number of providers that they are accessing where possible. • Collaborate with other schools where there are arrangements in place • Seek support from LA and other voluntary agencies			
Meals are not available for all children in school	2x3=6	• Communication with catering provider to consider options • Procurement plan in place which confirms that suppliers are following social distancing and hygiene measures. • Safe food preparation space, taking account of social distancing • Stagger lunchtimes to align with staggered start and finish times. • Limit lunch menus to offer a set nutritionally balanced menu e.g. One vegetarian, one non-vegetarian option. • Consider lunchtimes in the classroom for younger year groups. • Alternative arrangements in place for provision of school meals • Usual considerations in place for dietary requirements	Yes	• Most children bring a packed lunch as usual • Lunches eaten in classrooms	1x3=3
6. Safeguarding provision is needed in school to support returning children and consider any necessary changes and referrals as more children return to school including those with problems accessing online offer					
Consider alongside: https://www.gov.uk/guidance/safeguarding-and-remote-education-during-coronavirus-covid-19					
School safeguarding policy and procedures are not in place, including updated appendix to include arrangements for	1x4=4	• Safeguarding remains highest priority and policy is updated to reflect changes • All staff are briefed on updated safeguarding arrangements, including those contacting families of pupils that are not attending school or considered clinically extremely vulnerable. • All DSLs have swift access to advice from LA, CSC, school / health visitors and police (LA has provided contact details)	Yes		1x4=4

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

COVID-19		• School to consider any changes to day to day health and safety policies including changes to evacuation arrangements depending on the use of classrooms, entry and exit points and Critical Incident and Lockdown procedures, factoring in social distancing requirements • Expectations to be shared with pupils in the event of the need to evacuate the building in an emergency • Reference to <u>an addendum for the BCC Model Safeguarding Policy</u>. Link added in v3. A new safeguarding model needs to be adopted from September 2020.			
High risk of increased disclosures from returning pupils	2x4=8	• DSL capacity is factored into staffing arrangements to ensure enough staff are available to deal with the potential increase in disclosures from pupils • Contact is maintained with families where there are vulnerable pupils that are not attending school due to isolation or following GP advice. • Multi-agency arrangements in place to support early help • School is aware of support through Early Help Hubs • Advice is available through CASS, BCC Safeguarding and BCC Prevent Team	Yes		1x4=4
Insufficient staff confidence or awareness of mental health, pastoral support, wider wellbeing support for pupils returning to school	2x3=6	• Staff are aware of the offer from the LA and partners so support pupil wellbeing, including initiatives such as 'You've Been Missed' bereavement support and any changes that have occurred in children's lives since they have been away from school. • Staff have access to a range of support services and feel well prepared to support pupils with issues that are impacting on their health and wellbeing. This is differentiated for pupils attending school and those still at home. • Staff are aware of how to access support for issues such as anxiety, mental health, behaviour, young carers, behaviour in addition to safeguarding in general.	Yes	• Staff have access to Educational Psychology services & Help Employee Assistance for support	1x4=4
7. Behaviour policies reflect the new rules and routines necessary to reduce risk in your setting					
Pupils' behaviour on return to school	4x3=12	• Clear messaging to pupils on the importance and reasons for social distancing, reinforced throughout the school day by staff	Yes	• Children encouraged to play outside as	3x2=6

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

| does not comply with social distancing guidance | | and through posters, electronic boards, and floor markings. For young children this is done through age-appropriate methods such as stories and games.
• Arrangements for social distancing of younger school children have been agreed and staff are clear on expectations in line with DfE advice
• Staff model social distancing consistently.
• The movement of pupils around the school is minimised.
• Large gatherings are avoided.
• Break times and lunch times are structured and closely supervised.
• The school's behaviour policy has been revised to include compliance with social distancing and this has been communicated to staff, pupils and parents, and a focus on reintegration and re-engagement with support for pupils to do so.
• Senior leaders monitor areas where there are breaches of social distancing measures and arrangements are reviewed.
• Messages to parents to reinforce the importance of and exhibit social distancing. | | much as possible
• Children reminded of the importance of thoroughly washing their hands after using the toilet and where possible accompany them to ensure this is carried out.
• Where children have behavioural issues: Where possible allow the child to vent their frustrations away from other children
If team teach techniques are required, it is advised face coverings and gloves are worn.
If a child is upset, Encourage child to use a tissue to wipe eyes/nose etc.
Wash hands after contact
Children are not able to socially distance due to their young age. | |

8. Identify curriculum priorities, agree revised expectations and required adjustments in practical lessons including any approaches to 'catch up' support

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Pupils may have fallen behind in their learning during school closures and achievement gaps will have widened	3x3=9	• Gaps in learning and starting points are addressed in teachers' planning and assessed through regular learning e.g. quizzes. Focus on communication and language, personal, social and emotional development (PSED) and physical development for nursery pupils and language, reading and mathematics for primary pupils and sciences, languages, humanities, the arts, physical education/sport, religious education and relationships, sex and health education for secondary aged. • For pupils in year 7, it may be necessary to address gaps in English and math from the key stage 2 curriculum. • Home (and remote learning) is continuing and is calibrated to complement in-school learning and day to day delivery. Consider digital poverty. • Up to and including key stage 3, prioritisation within subjects of the most important components above removing subjects e.g. consider how all subjects can contribute to the filling of gaps in core knowledge, for example through an emphasis on reading. • Schools may consider it appropriate to suspend some subjects for some pupils in exceptional circumstances through discussion with parents. • Focus on returning to normal curriculum by summer term 2021, with statutory primary assessments taking place in summer 2021 and reception baseline assessment in September 2021. Planning on the basis that GCSEs and A levels will take place in summer 2021 (3 weeks later than usual). • Relationships and health education (RHE) for primary aged pupils and relationships, sex and health education (RSHE) for secondary aged pupils becomes compulsory from September 2020, with teaching expected to start by the start of the summer term 2021. • Additional financial support has been made available to schools to address gaps in learning. • Exam syllabi are covered and revised where appropriate. • Plans for intervention are in place for those pupils who have fallen behind in their learning, or isolating and are supported through home learning	Yes		2x3=6

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

	(red)	• Consider the response to young children who have fallen behind in their self-care skills • School is aware of pupils who are young carers and have targeted support for online learning where they are unable to return to school • Ensure that key workers with vulnerable children are notified if children are not attending school when not in an isolating bubble			(orange)
School unable to meet full provision required in line with EHCP	3x3=9	• Review individual pupil's EHCP to consider what can reasonably be provided whilst in school • Where EHCPs have been adapted to make any allowances for the restrictions of COVID-19, these plans are reviewed with parents and, where appropriate, pupils to include the interim arrangements under the recovery plan. Note the duty to secure and deliver the provision in the EHCP remains and will only be modified, potentially, where a local outbreak occurs. • Access support through health and social care offer • Support offered through regular meetings with LA SEND Links and Early Years Inclusion Support Service	Yes		2x3=6
Operational needs of school create insufficient resource to support ongoing learning offer for eligible pupils who can't attend school, as well as those that continue to be out of school	2x3=6	• Access BEP offer for online resources • NS engage with NS Trust and Teaching Schools Alliance to discuss arrangements to support ongoing learning offer for pupils who can't attend school • Review online offer for pupils that are unable to attend school • Learning offer for pupils unable to access online resources • Access Early Help Hub support for those pupils affected by ICT poverty • Differentiate offer for eligible children that can't attend school to support future transition	Yes		1x3=3
Pupils moving on to the next phase in their education are ill-prepared for transition	2x3=6	• A plan is in place for pastoral staff to speak with pupils and their parents about the next stage in their education and resolve any issues. • There is regular and effective liaison with the destination institutions (e.g. From PVI setting to Nursery School/Nursery Class/Reception, primary, secondary schools, post-16 providers, universities, apprenticeship providers) to assist with pupils'	Yes		1x3=3

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		• transition. • Regular communications with the parents of incoming pupils are in place, including letters, newsletters and online broadcasts. • Virtual tours of the school are available for parents and pupils. • Online induction days for pupils and parents are planned.			
9. Content and timing of staff communications including bringing in staff in advance of pupils returning					
Staffing levels can't be maintained	4x4=16	• Contingency planning in place at appropriate levels, e.g. SLT, DSLs, first aid qualified staff • Advice sought from LA to support staffing levels or support eligible children to access provision through another school • Chair of responsible body kept informed throughout	Yes	If a staff member is absent we will firstly ask part time staff from that bubble if they are able to cover and if not, will book agency cover. We will not use more than 1 agency worker per bubble No student placements other than teaching students long term placements	3x4=12
Identify staff unable to return to school	4x4=16	• 1 staff clinically vulnerable or living with someone who is clinically extremely vulnerable, unable to attend school and social distancing cannot be adhered to on site, but can work effectively from home, for example supporting remote education, or safeguarding calls. • The Government's New National Restrictions from 5 November until 2 December advise the clinically extremely vulnerable to work from home during this period of lockdown. If they cannot work from home, they should not to go to work. Staff who are clinically vulnerable or have underlying health conditions but are not clinically extremely vulnerable, may continue to attend school in line with current guidance. • Identify specific activities for staff who are vulnerable	Yes		4x2=8
Staff are insufficiently briefed on expectations	2x3=6	• Staff receive daily/weekly briefings on day to day school matters • Support for mental health and wellbeing is communicated to all staff and there are plans in place to check on staff wellbeing	Yes		1x4=4

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		regularly, including senior leaders. Information about the <u>extra mental health support for pupils and teachers</u>. • Ensure health & wellbeing policy is in place and available to all staff. Encourage access to support and mental health first aiders. (added in v3) • Flexible working arrangements needed to support any changes to usual working patterns are agreed • Staff workload expectations are clearly communicated • Schedule what staff training is needed to implement any changes that the school plans to make, either delivered remotely or in school • Staff have been fully briefed on the action planning for local/bubble lockdown (Please also see Section 19)			

10. Protective measures and hygiene
This section should be considered in conjunction with https://www.gov.uk/government/publications/coronavirus-covid-19-implementing-protective-measures-in-education-and-childcare-settings

Measures are not in place to limit risks and limit movement around the building(s). Social distancing guidance is breached when pupils circulate in corridors as pupils are unable to or do not observe social distancing at break and lunch times	4x3=12	• Consider classroom layouts, entry and exit points, staggered starts at break times, class sizes, lunch queues • Circulation plans have been reviewed and amended. • One-way systems are in operation where feasible. • Corridors are divided where feasible. • Circulation routes are clearly marked with appropriate signage. • Any pinch points/bottle necks are identified and managed accordingly, with more intensive and regular cleaning of regular touch points • The movement of pupils around school is minimised as much as possible. • Where possible, pupils stay in classrooms and staff move around. • NS/NC children are organised in small groups with a key worker and move around with them. • Lesson change overs are staggered to avoid overcrowding. • Pupils are briefed regularly regarding observing social distancing guidance whilst circulating. • Appropriate supervision levels are in place. • Agree how safety measures and messages will be implemented	Yes	• Children kept in class bubbles with consistent teaching staff • Outdoor area divided into three areas to accommodate bubbles • Children are not able to socially distance due to their young age.	3x2=6

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		and displayed around school			
The size and configuration of classrooms and teaching spaces does not support compliance with social distancing measures	4x3=12	• Classroom base arrangements in place. • Net capacity assessment/asset plans reviewed, with each classroom and teaching space compliant with social distancing measures and in line with government guidance • All furniture not in use has been removed from classrooms and teaching spaces. Safe storage arranged for unused furniture. • All soft furnishings/toys have been removed in EY environment • Resources are arranged to be used within bubbles to limit the risk of cross contamination. • Arrangements are reviewed regularly.	Yes	Children are not able to socially distance due to their young age.	3x2=6
Staff rooms, offices and Medical Rooms do not allow for observation of social distancing guidelines	3x3=9	• Staff rooms and offices have been reviewed and appropriate configurations of furniture and workstations have been put in place to allow for social distancing. • Staff have been briefed on the use of these rooms. • Other spaces within school have been identified and adapted to accommodate nursing, medical and other essential therapeutic services	Yes	• Briefing to take place in with doors & windows open and all staff 2 metres apart • Staff meetings to take place via Zoom & staff to stay in own bubble room • Planning meetings - staff stay in own bubble room • Any essential face to face meetings to take place in community room with chairs at least 2 metres apart and windows open • Use the dishwasher on hottest temperature • Clean tables and surfaces after use	2x3=6

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

				• Staff to eat lunch with only 4 staff in staff room	
Queues for toilets and handwashing risk non-compliance with social distancing measures	3x3=9	• Queuing zones for toilets and hand washing have been established and are monitored. • NS/NC have arrangements in place to meet the staffing requirements when changing nappies and responding to children changing requirements. • Floor markings are in place to promote social distancing. • Pupils and staff know that they can only use the toilet one at a time and enough time is allowed to do so. • Pupils are encouraged to access the toilet during class/throughout the day to help avoid queues. • The toilets are cleaned frequently to take account for the number of pupils accessing the facilities, for example after every morning break, lunchtime and at the end of the school day. • Monitoring ensures a constant supply of soap and paper towels. • Bins are emptied regularly for example morning break, lunchtime and the end of the school day, or other transition periods. • Pupils are reminded regularly on how to wash hands and young children are supervised in doing so. Handwashing is incorporated into the daily timetable. • Children are encouraged not to touch peers. • Provision of hand gel is made available where there are no handwashing facilities, e.g. reception areas and entry and exit points. Supervised use for young pupils. • Promote 'catch it, bin it, Kill it'. Use of e-bug learning from Public Health England.	Yes	• Boxes of tissues available on all tables and in all outdoor areas • Tissues disposed of in a disposable rubbish bag and staff and children should immediately clean their hands with soap and water or use a hand sanitiser. (catch it, bin it, kill it) • Pupils, staff and visitors are encouraged to wash their hands with soap or alcohol-based sanitiser (that contains no less than 60% alcohol) and follow infection control procedures in accordance with the DfE and PHE's guidance. • Sufficient amounts of soap (or hand sanitiser where applicable), clean water and paper	2x3=6

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

				• towels/hand dryers are supplied in all toilets and kitchen areas. • Children must not share cutlery, cups or food. • All cutlery and crockery are thoroughly cleaned in dishwasher on highest temperature each day	
11. Enhanced cleaning and how it will be implemented in your school for example how often, when/if additional clean is necessary and how you will ensure sufficiency of supplies					
Cleaning capacity is reduced so that an initial deep-clean and ongoing cleaning of surfaces and touch points are not undertaken to the standards required	3x3=9	• A return-to-work plan for cleaning staff (including any deep cleans) is agreed with contracting agencies prior to September opening. • Enhanced 'deep clean' to take place prior to the wider opening of the school. • An enhanced cleaning schedule is agreed and implemented which minimises the spread of infection, making full use of timetable breaks, between lunch groups, before and after school. • Introduce enhanced daily (or more often if possible) cleaning of doorways, handles and corridor walls and other frequently touched surfaces • More frequent cleaning of rooms / shared areas that are used by different groups • Working hours or additional capacity for cleaning is planned and in agreement with cleaning staff. • Outdoor playground equipment should be more frequently cleaned. • Seek LA support to manage insufficient capacity	Yes	• Additional time available due to staggered start and end times for each group used for additional cleaning	2x3=6
Procedures are not in place for Covid-19 clean following a	4x4=16	• BSS is aware of the guidance for cleaning of non-healthcare settings COVID-19: cleaning of non-healthcare settings guidance • Plans are in place to identify and clean all areas with which the	Yes		1x4=4

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

suspected or confirmed case at school		symptomatic person has been in contact • Sufficient and suitable equipment is available for the required clean • Adequate waste disposal arrangements are in place to dispose of contaminated equipment • Alternative arrangements are in place for vulnerable pupils and key worker families in case the school needs to close for a Covid-19 clean • Seek support from Public Health Birmingham. Use the <u>flowchart</u> if a staff member or pupil displays symptoms. . (added in v3) • For EY suitable PPE equipment is available if a distance of 2m from the child cannot be maintained.			
12. Enhanced hygiene for example toilet use, hand washing and decide on policy related to usually shared items e.g. books, toys practical equipment					
Inadequate supplies of soap and hand sanitiser mean that regular hand washing routines cannot be established	2x4=8	• An audit of handwashing facilities and sanitiser dispensers is undertaken before the school reopens and additional supplies are purchased if necessary. • Appropriate measures to supervise effective hand washing of young children are in place • Monitoring arrangements are in place to ensure that supplies of soap, hand towels and sanitiser are maintained throughout the day. Large volumes of flammable liquids should be referenced in your Fire Risk Assessment. (added in v3) • Posters and electronic messaging boards reinforce the need to wash hands regularly and frequently, including on arrival at school. Handwashing for 20 seconds minimum encouraged. • Reinforce 'catch it, kill it, bin it' message. Use of <u>e-bug</u> learning from Public Health England. • Process is in place for removing and disposing/storing of face coverings when pupils and staff who use them arrive at school.	Yes		1x4=4
Inadequate supplies and resources mean that shared items are not cleaned after each use	3x4=12	• Limit the amount of shared resources that are taken home and limit exchange of take-home resources between children, young people and staff • A plan is in place to clean resources which have been taken home. • Cater for equipment and resources per child and prevent the	Yes	• Library books 'quarantined' for a week before being reused • All items that are laundered within the	1x4=4

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		• sharing of stationery and other equipment where possible. • Resources that are shared between classes or bubbles, such as sports, outdoor playground equipment, art and science equipment should be cleaned frequently and meticulously and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles or wraparound care. • Practical lessons can go ahead if equipment can be cleaned thoroughly and the classroom or other learning environment is occupied by the same children or young people in one day, or properly cleaned between cohorts • Roles and responsibilities identified for each area with cleaning resources, e.g. each class is allocated their own cleaning products • The governing board finance committee is aware of any additional financial commitments		setting, for example towels, flannels and bedding, are washed in line with guidance on cleaning in non-healthcare settings and that these items are not shared by children between washes. *(Use the warmest water setting and dry items completely.)*	

13. School level response should someone fall ill on site in line with govt guidance

Staff, pupils and parents are not aware of the school's procedures (including on self-isolation and testing) should anyone display symptoms of COVID-19 or should there be a confirmed case of COVID-19 in the school	3x4=12	• Staff, pupils and parents have received clear communications informing them of current government guidance on the actions to take should anyone display symptoms of COVID-19 and how this will be implemented in the school. • Staff caring for young children are vigilant for symptoms of COVID-19 and signs of illness that may be associated to it as per government advice. • This guidance has been explained to staff and pupils as part of the induction process. • Regular review of the latest information across senior leadership and staff members: **https://www.birmingham.gov.uk/COVID-19_schools_faqs** • Use the **flowchart** from Public Health Birmingham about how to deal with a suspected or confirmed case within the pupil or staffing cohort. • Staff are aware of the location of the emergency PPE pack. • Any updates or changes to this guidance are communicated in a timely and effective way to all stakeholders. • Health and safety governors are satisfied that arrangements are	Yes		2x3=6

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		• in place and in line with DfE guidelines • Report cases of to the Health Protection Team in Public Health England using the online guidance and **checklis**t. • Keep up to date with PH updates on responding to cases in schools during the contact tracing phase of the response. • Any teaching and support staff who develop symptoms of COVID-19 are eligible for testing via the essential worker scheme, which can be a home test kit or drive-through test appointment. **https://www.gov.uk/guidance/coronavirus-covid-19-getting-tested** • Understanding of latest HSE RIDDOR REPORTING guidance for Covid-19 on when and how to report exposure to coronavirus or a diagnosis of COVID 19, in the workplace under RIDDOR. • *For maintained schools where the council is the employer of staff and schools who are subscribed to the service from the council's safety team, any RIDDOR reporting requirements will be done for you by the safety team. If you have informed the council (by inputting sick absence data into SAP using the specific codes for COVID-19 absence or by informing* **schoolsafety@birmingham.gov.uk**. • *For schools who do not subscribe to the service from the council's safety team and where the council is not the employer of staff you will need to check with your employer and/or provider of safety support regards your arrangements for undertaking RIDDOR reports and how coronavirus is reported (for those cases meeting the HSE defined criteria).*			
Arrangements to isolate individuals displaying symptoms of COVID-19 are not in place	3x4=12	• School's medical room/space has been assessed to ensure social distancing and isolation measures are not compromised • For very young children there is a designated area available where a key person can continue to support the child away from the rest of the group until collection by parent/carer. • Additional rooms are designated for pupils with suspected COVID-19 whilst collection is arranged. • Procedures are in place for medical rooms or other spaces to be cleaned after suspected COVID-19 cases, along with other	Yes	• Unwell child or staff member to wait in the Foyer area with doors wide open and front gate locked until collected	2x3=6

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		affected areas, including toilets. • Isolated individuals should be in rooms where door can be closed (age permitting of child) and with windows for ventilation. • PPE to be used for accompanying staff where pupil symptomatic and 2m distance cannot be sustained. • Isolation for pupils and staff in residential settings should be within the residential setting. Please refer to the follow dedicated guidance: **https://www.gov.uk/government/publications/coronavirus-covid-19-guidance-on-isolation-for-residential-educational-settings/coronavirus-covid-19-guidance-on-isolation-for-residential-educational-settings**			
14. Plan for personal protective equipment for staff providing intimate care for any children and young people and for cases where a child becomes unwell with symptoms of coronavirus and needs direct personal care until they can return home					
Provision of PPE for staff where required is not in line with government guidelines	3x4=12	• Government guidance on wearing PPE is understood and communicated. Read the guidance on **safe working in education, childcare and children's social care** for more information about preventing and controlling infection and use of PPE. • Sufficient PPE has been procured through normal stockist • PPE requirements for individual pupils and staff have been risk assessed and sourced through normal stockist • Those staff required to wear PPE (e.g. SEND intimate care; receiving/handling deliveries; cleaning staff) have been instructed on how to put on and how to remove PPE carefully to reduce contamination and how to dispose of them safely. • Staff are reminded that wearing of gloves is not a substitute for good handwashing. • Avoid face to face contact and minimise interaction under 1m with young pupils, except for those with complex needs • Seek LA support for emergency PPE stock • Appropriate measures are taken on the cleaning of reusable PPE items in line with guidance	Yes	• Staff who feel more comfortable wearing non medical grade PPE, including gloves, aprons, face coverings and visors should feel free do so.	2x3=6

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

PPE provision is not in place for staff providing intimate care and for cases where a child becomes unwell with symptoms of coronavirus and needs direct personal care until they can return home	3x4=12	• Requirements for PPE have been assessed in line with DfE guidelines and Public Health Birmingham scenarios • Sufficient stock has been ordered using school's usual suppliers • Arrangements to seek LA support to obtain PPE in case of an emergency are known and in place • Health and safety governors are satisfied that arrangements are in place and in line with DfE guidelines	Yes		2x3=6

15. Managing premises related issues

There is no agreed approach to any scheduled or ongoing building works therefore contractors on-site whilst school is in operation may pose a risk to social distancing and infection control	2x4=8	• Ongoing works and scheduled inspections for schools (e.g. estates related) have been designated as essential work by the government and so are set to continue. • An assessment has been carried out to see if any additional control measures are required to keep staff, pupils and contractors safe including distancing and hygiene procedures. • Assurances have been sought from the contractors that they are familiar with the **symptoms associated with Coronavirus covid-19**, all staff attending the setting will be in good health (symptom-free) and that contractors have procedures in place to ensure effective social distancing is always maintained. • Alternative arrangements have been considered such as using a different entrance for contractors and organising classes so that contractors and staff/pupils are kept apart. • Social distancing is being maintained throughout any such works and where this is not possible arrangements are reviewed. • In addition to arrangements for COVID-19, normal contractor procedures are being applied and have been updated considering COVID-19 (including contractor risk assessments and method statements, and contractor induction), including contractors who works across sites or schools. • Premises governing board committee is aware of planned	Yes		1x4

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		works and associated risk assessments • Where BCC is the building owner the *landlord approval process* has been undertaken when required i.e. any works likely to disturb the fabric of the building			

Fire procedures are not appropriate to cover new arrangements	2x4=8	• Fire procedures have been reviewed and revised where required, due to:
		   ○ Reduced numbers of pupils/staff
		   ○ Possible absence of fire marshals - absent fire marshals to be replaced with trained substitutes
		   ○ Social distancing rules during evacuation and at muster points
		   ○ Possible need for additional muster point(s) to enable social distancing where possible
		• Staff, pupils and governors have been briefed on any new evacuation procedures.
		• Incident controller and fire marshals have been trained and briefed appropriately.
		• Fire drill arranged in line with Covid plan.
			Yes		1x4=4

Fire evacuation drills - unable to apply social distancing effectively	2x4=8	• Plans for fire evacuation drills are in place and are in line with social distancing measures, with marked areas if required	Yes		1x4=4
Fire marshals absent due to self-isolation	3x3=9	• An additional staff rota is in place for fire marshals to cover any absences and staff have been briefed accordingly. • Staff appropriately trained in fire marshal duties as required.	Yes	• Teacher in charge to respond as Fire Marshall	1x3=3
Statutory compliance has not been completed due to the availability of contractors during lockdown	2x4=8	• All statutory compliance is up to date. • Where water systems have not been maintained throughout lockdown, chlorination, flushing and certification by a specialist contractor has been arranged. Water system checks and actions to be undertaken prior to wider opening. • LA support is in place	Yes		1x4=4
The costs of additional measures and enhanced	3x4=12	• Additional cost pressures due to COVID-19 identified and an end-of-year forecast which factors them in has been produced. • LA or Trust finance team has been consulted to identify potential	Yes	• Financial support for nursery schools accessed	2x4=8

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

services to address COVID-19 when reopening puts the school in financial difficulty		• savings in order to work towards a balanced budget. • Additional COVID-19 related costs are under monitoring and options for reducing costs over time and as guidance changes are under review. • Additional sources of income are under exploration. • The school's projected financial position has been shared with governors and LA or trust. • NS/NC are aware of financial support available to support sustainability			

16. Ensure you have considered the impact on staff and pupils with protected characteristics including race and disability in developing you approach

Considerations
- Nationally the **ONS analysis** has identified an increased risk of death among some ethnic groups, although this increased risk reduces when age, gender and long term conditions like type 2 diabetes, high blood pressure and kidney disease, but doesn't disappear completely and further research is needed to explore this.
- There doesn't appear to be any different between in ethnic groups in terms of infection rates, i.e. who catches it, the difference is in the proportion who die.
- In light of this it is important for risk assessments of individuals, staff and pupils, take this into account, the main risks are around health conditions such as **diabetes, kidney disease** and **high blood pressure**, especially if poorly controlled and also obesity has been identified as a significant risk factor. The risk of death is also higher in older people over 65yrs and men have a slightly higher rate than women. Those with respiratory conditions like asthma and chronic obstructive pulmonary disease also pose higher risks, along with auto-immune conditions. Smoking can also exacerbate the disease and lead to poorer outcomes
- The **NHS risk assessment** suggests BAME individuals have a higher risk at a younger age, so as a rough guide consider a BAME 55yr old's risk in the same way you would consider White 65yrs old, but the biggest risk factor is existing health conditions.
- Once risks are identified then it would be sensible to work with your occupational health provider on how then to look at adjustments and whether staff can, for the remainder of term, support remote teaching or telephone support roles. This assessment will need to be on a case by case basis.
- It is less clear cut for children who are living in households with other vulnerable adults or siblings, however it is worth noting that the risk is less from younger children than older children and can be reduced through good hand hygiene. This however will be a decision that parents will need to make individually based on their personal circumstances.

Measures have not been put in place to protect staff and pupils with underlying health issues, BAME staff,	3x4=12	• An equality impact assessment is undertaken for staff and pupils • All members of staff and parents of pupils with underlying health issues, those within vulnerable groups have been instructed to make their condition or circumstances known to the school, and members of staff with children who cannot attend school/nursery/childminder etc are supported. (added in v3)	Yes		2x3=6

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

and those who are shielding		• Records are kept and regularly updated e.g. check children and staff who have identified as having asthma have up to date care plans. • Members of staff and parents of pupils with underlying health conditions have been asked to seek and act on the advice of their GP/consultant/midwife or current government advice. • Staff and parents of pupils are clear about the definitions and associated mitigating strategies relation to people who are classed as clinically vulnerable and clinically extremely vulnerable. • All staff who were clinically extremely vulnerable and received a letter should not attend work but can work from home if possible. Advice for those who are clinically extremely vulnerable can be found in the following guidance. • Current government guidance is being applied. • Consider advice from Public Health England regarding BAME staff in section above. • Seek advice from Occupational Health Service			
Staff, particularly those from BAME heritage, are reluctant to attend school due to the media coverage on deaths related to coronavirus.	3x3=9	• No. of BAME staff: 3 • No. of BAME staff assessed as clinically vulnerable and requiring to remain at home: 1 • No. of BAME staff able to return but requiring additional support: 0 • Staff are encouraged to focus on their wellbeing. • Line managers are proactive in discussing wellbeing with the staff that they manage, including their workload. • Staff briefings and training have included content on wellbeing. • Staff briefings/training on wellbeing are provided. • Staff have been signposted to useful websites and resources.	Yes		2x3=6
Parents, particularly those from BAME heritage, are reluctant to send their children to school due to the media coverage on	2x3=6	• No of BAME pupils: 48 • No of BAME pupils risk assessed as clinically extremely vulnerable and requiring to remain at home: 0 • No of BAME pupils able to return but requiring additional support: 0 • There are enough numbers of trained staff available to support pupils and parents with these anxieties.	Yes		1x3=3

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

deaths linked to coronavirus		• There is access to designated staff for all pupils and parents who wish to talk to someone about their wellbeing and anxieties about attending school • School arrangements demonstrating social distancing measures are shared with parents and pupils • Resources/websites to support parent and pupil anxiety are provided.			
Parents do not follow advice on social distancing when visiting the school	2x4=8	• Visitors (including parents/carers) to the school may be restricted to one area, or to an allocated appointment time • Arrangements for visiting the school are communicated to parents/carers • Expectations around hygiene and social distancing are communicated with parents/carers including drop-off/pick-up time to reduce gatherings	Yes	• All adult visitors in school building asked to wear face coverings, including parents • Professionals such as social workers, speech and language therapists or counsellors - assess whether the professionals need to attend in person or can do so virtually. If they need to attend in person, they will closely follow the protective measures in the nursery, social distancing will be maintained and they will be asked to wear a face covering	1x4=4
17. Work with other school based provision as necessary e.g. nursery SEN unit to ensure policies are aligned where they need to be					
Existing policies on safeguarding, health and safety, fire evacuation, medical, behaviour,	2x4=8	• All relevant policies have been revised to take account of government guidance on social distancing and COVID-19 and its implications for the school. • Staff, pupils, parents and governors have been briefed accordingly.	Yes		1x4=4

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

attendance and other policies are no longer fit for purpose in the current circumstances	RED	• Arrangements are in place to review the policies in line with further DfE guidance on Early Years, SEN resource base, post 16 etc. • Reference to an addendum for the BCC Model Safeguarding Policy. A new safeguarding model needs to be adopted from September 2020. Link added in v3.			GREEN

Risks are not comprehensively assessed in every area of the school, including nursery and resource base if applicable, in light of COVID-19,	2x4=8	• Risk assessments are updated or undertaken before the school reopens and mitigation strategies are put in place and communicated to staff covering:
		  o Different areas of the school including any Early Years and Resource Base provision
		  o When pupils enter and leave school
		  o During movement around school
		  o During break and lunch times
		  o Delivering aspects of the curriculum, especially for practical subjects and where shared equipment is used
			Yes		1x4=4

18. Home to School Transport

Urban Transport Group released a briefing (27 May) urgently requesting the Government to lead joined-up dialogue between the education and transport sectors on how best to resolve the operational challenges and to meet the full additional transport costs of the return to schools and colleges.

Keys points include:
- Promote the use of sustainable travel and transport (i.e. modes that improve physical wellbeing for users and/or environmental quality) for journeys to and from education and training establishments for children and young people or compulsory school age in the local authority area.
- As part of their overarching role to keep cities regions moving in a manner that protects health, the environment and quality of life, transport authorities also have an interest in ensuring that the return to school and college does not create congestion, contribute to air pollution or pose a risk in terms of the health and safety of children and their parents or of transport staff and the wider public, including passengers travelling on mainstream routes that serve schools.
- In line with this, transport authorities will be looking to ensure that children are able to safely walk, cycle or scoot to school where possible. Indeed, in normal times, transport authorities invest considerable resources in promoting mode shift for school transport and in supporting and training children to travel safely and sustainably.

The need to encourage children to walk, cycle or scoot to school sitting alongside the risks posed by a rise in speeding and other dangerous driving on empty roads. **http://www.urbantransportgroup.org/resources/types/briefings/transport-challenges-return-schools-and-colleges-following-easing-covid-19**

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Pick up and drop off times	2x4=8	• As per <u>Government guidance</u>: • *tell parents that if their child needs to be accompanied to the education or childcare setting, only one parent should attend* • *tell parents and young people their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use)* • *make clear to parents that they cannot gather at entrance gates or doors, or enter the site (unless they have a pre-arranged appointment, which should be conducted safely)* • *talk to staff about the plans (for example, safety measures, timetable changes and staggered arrival and departure times), including discussing whether training would be helpful* **In addition:** • Consider opening school gates earlier so parents can socially distance on the playground • Stagger start and finish times to ease pavement congestion • Consider the use of simple signage to highlight the need for social distancing: stickers (could be customised versions e.g. using pupils' designs) or simple spray, tape or chalk markings. • Organised queuing and boarding of vehicles and distancing within vehicles wherever possible. • Consideration of emergency school streets measures as identified in the **Emergency Birmingham Transport Plan** including Car Free School Streets, parking restrictions and reducing speed limits. • If appropriate, consider putting into a place one-way pedestrian system on the street surrounding the school with determined entrance and exits for classrooms and areas of the school. • Pupils/staff must wash their hands/use hand sanitiser on boarding and on arrival (as is the case for all pupils), dispose of temporary face coverings in a covered bin or place reusable face coverings in a plastic bag they can take home with them, and then wash their hands again before heading to their classroom. • Additional cleaning of designated school transport.	Yes	• One way system drop off and collection of children • Staggered start and finish times • Adults asked to wear a face covering on site	1x4=4

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Children arriving late as a result of journey to school	2x4=8	• As per <u>Government guidance</u>:
		   ➢ ***Children, young people and parents are encouraged to walk or cycle where possible***
		   ➢ *ensure parents and young people are aware of recommendations on transport to and from education or childcare setting (including avoiding peak times). Read the <u>Coronavirus (COVID-19): safer travel guidance for passengers</u>*
		   ➢ *ensure that transport arrangements cater for any changes to start and finish times*
		In addition:
		• Advise parents/carers to use various modes of transport including driving to school being mindful of the need to socially distance around the school safely. Encourage walking, cycling or scooting to their education setting where possible.
		• Identify possible park and stride sites - parents and others who do have to drive can then park (legally) nearby and walk the last part of their journey.
		• Drivers should be advised to anticipate more pedestrians and cyclists than usual, restrict speeds and avoid parking on (or partially on) pavements.
		• If travelling by public transport: check website or live bus app for revised timetables before travel; try to keep 2 metres away from people not in their household while waiting in the queue; carry and use hand sanitiser; wear a face covering if they can; sit in the window seat, leaving the seats in front and behind empty. For further information and guidance visit: https://nxbus.co.uk/west-midlands/news/stay-safe-when-travelling-with-us
		• Use <u>Modeshift STARS</u> to review and update school travel plan considering both staff and pupil travel. Communicate revised travel plans clearly to contractors, BCC and parents.
		• Consider using social media messaging to inform the local community that parents/pupils may be travelling at specific times in order to avoid pavement congestion.
		• **For further information and guidance regarding any of the**
			Yes		1x4=4

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

	(red)	above points see: • **www.birmingham.gov.uk/modeshiftstars** or **contact: connected@birmingham.gov.uk.** For information regarding home to school travel contact: **Mark.Hudson@birmingham.gov.uk**			(green)
Transport capacity for pupils with EHCP attending special schools and resource bases is insufficient	N/A	• Schools' individual requirements are discussed with Home to School Transport to prepare for full return. • Schools are aware of the proposed routes and vehicle allocations for September opening • Travel Assist and Schools will inform parents confirming the transport arrangements well before September opening • Parents offered Personal Transport budgets temporarily, to relieve the pressure on the transport providers	N/A		N/A
Travel anxiety for new starters to secondary school	N/A	• West Midlands Police have put together some resources to help students feel confident to travel and also how to behave responsibly and safely while travelling to and from school. The resources can be covered in class or as an independent activity for students to complete at home. <u>All are available via this link.</u> • For reassurance/advice on using public transport and what it looks like to travel please find links below to three short YouTube films covering bus, tram and train journeys: **Travelling Safely on bus** (social distancing) **Travelling Safely on Metro** (social distancing) **Getting through train stations** (social distancing)	N/A		N/A
19. Contingency planning for local lockdown					
No plan in place if an outbreak or local lockdown should occur	2x4=8	• School Business Continuity Plan has been updated • Proposed resourcing model is in place should lockdown and partial or full closure be required • Arrange for communications to be available in readiness for release to staff and families to incorporate any advice from Public Health Birmingham.	Yes		1x4=4

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		• Staff have been fully briefed on the action planning for local/bubble lockdown or outbreak.
		• Preparation for learning continuity in the event of local or bubble lockdown (added in v4)
		  ○ Blended learning offer to support continued delivery including support for pupils isolating or required to remain at home due to being diagnosed clinically extremely vulnerable.
		  ○ Remote learning packages ready to offer where there is an outbreak within a bubble or wider as part of business continuity. Consideration of remote learning for young pupils or those with SEND.
		https://www.gov.uk/guidance/remote-education-practice-for-schools-during-coronavirus-covid-19
		• Resources have been prepared that take account of online education resources for home learning (published by DfE 24 June 2020) added in v4
		https://www.gov.uk/guidance/remote-education-during-coronavirus-covid-19
		• Information and guidance have been shared to support parents and carers of children who are learning at home
		https://www.gov.uk/guidance/supporting-your-childrens-education-during-coronavirus-covid-19 (added in v4)
		• Resumption of original Risk Assessment to consider phased opening as appropriate
		• Parents have been informed of the school's procedures for local/bubble lockdown. Early years settings and childminders remain open (including wraparound care).
		• Response has taken account of the information, guidance and support for teachers and leaders on educating children during the coronavirus outbreak published on 22 May 2020
		• In local lockdown areas children in Y7 and above should wear face coverings when moving around communal areas where social distancing is difficult to maintain, such as corridors. Consider use of face coverings for pupils outside of local
