Make a fruit salad. Choose some of your favourite fruits to make a fruit salad in a bowl to share with a member of your family. Do not forget to ask a grown up for help if you are cutting the fruit.

- Think about the animals in the story. Can you draw a picture of your favourite animal?
- When out shopping, have a look at all the different fruits you can see. How many different fruits can you find? Are they all the same size? Can you name them all?
- Using your balancing skills, can you balance a beanbag or cushion on your head as Handa did with her basket of fruit? Maybe someone in your family could time you to see how long you can balance it.
- Play the memory game. When I went to market...
One person might say I went to market and bought some strawberries. The next person would say I went to market and bought some strawberries and bananas. Each person would then list the previous fruits, and add one of their own.
